Extension programs and employment are available to all without discrimination. Evidence of noncompliance may be reported through your local Extension office.

### RECOMMENDED READING:

- In the Forest Management section of your notebook:
  - \* Finish Reading Silviculture for Washington Family Forests
  - Read the Plant It Right brochure in the front pocket
- On your CD-ROM under “other pubs”:
  - Glance at the Trail Construction pubs so that you know what type of info is available there (and to prepare to talk about recreation next week).

### RECOMMENDED ACTIVITIES:

1. Draft the Timber and Wood Products section of your forest stewardship plan. Break descriptions and recommendations down by stand, and if you get stuck on this section – wait for your site visit.
2. \* Make a rough draft of your Management Timeline and/or identify key questions for your site visit.

### CONNECT ONLINE:

Using your home computer or a computer at your local library, browse the following sections of the Forest Stewardship Resources webpage.
